CODE	DESCRIPTION
14750511	MOUNTING KIT 1 SECTIE L/B PLAT M
14750512	MOUNTING KIT 2 SECTIE L/B PLAT M
14750513	MOUNTING KIT 3 SECTIE L/B PLAT M

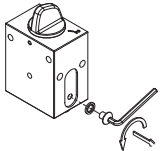

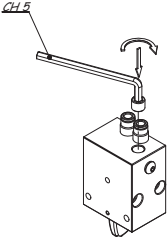

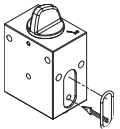

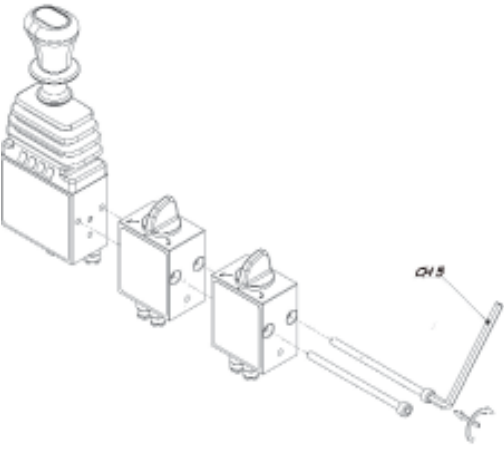

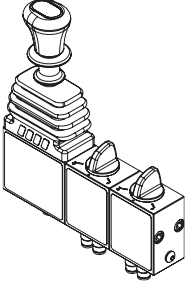

MOUNTING KIT FOR ADDITIONAL SECTIONS

	<p>01 Remove the dowel indicated in the figure using a 3 mm spanner</p>
	<p>02 If you only have to fit a single panel, go to step 07. Remove the two dowels indicated in the figure.</p>
	<p>03 Close the delivery hole using the dowel included in the package.</p>
	<p>04 Apply the O-ring using grease.</p>
	<p>05 Secure the panel to the main unit using the screws included in the mounting kit. Make sure the O-ring is positioned correctly before tightening the screws.</p>
	<p>06 If there are other intermediate panels to be fitted, repeat steps 2 through 5; otherwise go to the next step.</p>

MOUNTING INSTRUCTIONS

TIP CONTROL AND ADDITIONAL SECTIONS

	07 Remove the dowel present in the O-ring seat.
	08 Close the delivery hole using the dowel included in the package.
	09 Apply the O-ring using grease.
	10 Secure the panel to the main unit using the screws included in the mounting kit. Make sure the O-ring is positioned correctly before tightening the screws.
	11 Check to ensure correct operation before connecting the assembly to the system.
